I receive a notice of abandonment regarding this application and I was very surprised to receive this notice. I was anxiously awaiting to here from the USPTO but did not expect this disappointing news. You can probably appreciate a lot of time and effort went into this application from the original drawings to the wording.

In all honesty, for reasons unknown, I did not receive the (notice) mailed on 03/19/2004 for if I did I would not intentionally neglect to reply to such a notice rather my intention would be to cooperate fully, in a timely manner to achieve the approval of the USPTO something I desire very much.

We never throw mail out of this description we have search again went through our files and can not come up with that notice mailed 03/19/2004.

I fell we have a good record keeping system for receiving our mail . All mail Upon receiving it goes into a mail drawer in a filing cabinet and sorted accordingly. I sincerely ask the USPTO and the initial patent examination division for a petition to withdraw the holding of abandonment and if possible without further financial obligation based on the fact that we did not receive the notice sent on 03/19/2004 for reasons we cannot explain. Please advise us Thank you.

Sincerely

Greg Larsen
